

Toughsheet Building Products

Toughsheet Building Products

*Toughsheet Building Products are market leaders in creating useable products from 100% recycled materials. It is our absolute goal to manufacture a product from waste materials and commit ourselves to sustainable environmental improvement. We have been recycling plastic for more than 30 years and with that knowledge and experience we have managed to create an Eco membrane that excels in durability and strength.*

Our much praised record producing DPM's and a continuous investment programme has produced a comprehensive range of high quality damp proof membranes.

Produced in blue or black and manufactured from high quality recycled polyethylene for use in solid concrete ground floors to protect buildings against water from the ground providing an effective barrier against liquid or water vapor for the lifetime of the concrete slab in which they are installed.

Our externally audited quality system ensures attention to detail from start to finish of our manufacturing process. This enables us to offer both BBA and PIFA standards and ultimate confidence in the integrity of your products.

\*We also manufacture bespoke sizes, please contact our sales team for a quote

MU	Size
500 Black	4x12.5mtr
500 Blue	4x12.5mtr
500 Black CF	4x12.5mtr
300 Black	4x25mtr
300 Blue	4x25mtr
300 Black CF	4x25mtr
250 Black	4x25mtr
250 Blue	4x25mtr
250 Clear	4x25mtr
250 Black CF	4x25mtr
125 Black	4x50mtr
125 Black	4x25mtr

Our innovative techniques used in our DPM production has allowed us to use our vast experience in developing our new DPC range. Once again using the very latest state of the art technology to produce goods to BS 6515:84 standard.

Suitable for brick, block, stone or concrete walls, Toughcourse will not crack under low temperature and will provide true damp proof protection.

Size	Pack Size
100mmx30mtr	9
112mmx30mtr	8
150mmx30mtr	6
225mmx30mtr	4
300mmx30mtr	3
337mmx30mtr	3
450mmx30mtr	2
600mmx30mtr	2
900mmx30mtr	1

**Yellow Radon Barrier** is a quality driven product widely used throughout the UK and Europe to protect against Cancer causing Radon Gases. Our Radon comes Centerfold from 2 meters to 4 meters, 1600 Gauge reducing the amount of tape and sealants needed for jointing.

We manufacture from 100% recycled materials and with our specialist knowledge produce not only a BBA approved product but also NHBC and Bronze Level sustainability cert. All our products conform to ISO 9001 and have been independent tested to K124/02/95.

**Orange Flame Retardant** Polythene sheet membrane for screening off areas both vertically and horizontally during construction work to satisfy insurance regulations. Orange flame retardant LPCB has complied with the requirements identified in LPS 1207: Issue 1 - Fire Requirements for Protective Covering Materials.

**Green Tint** Polythene sheet membrane

MU                      Size

**Yellow Radon Barrier**

400 Yellow            4x20mtr  
 500 Yellow            4x12.5mtr

**Orange Flame Retardant**

250 Orange            4x25mtr

**Green Tint**

125 Green             4x50mtr  
 125 Green             2.4x50mtr

\* All our Data Sheets can be found at [www.Toughsheet.co.uk](http://www.Toughsheet.co.uk)

**Polythene Rubble Sacks** for disposal of any heavy duty waste or for storage of most building supplies such as sand or cement.

The sacks provide a solution for transport of all awkward materials and you can be safe in the knowledge that quality will be to the same high standard of the Toughsheet range.

\* All our Data Sheets can be found at [www.Toughsheet.co.uk](http://www.Toughsheet.co.uk)

Heavy Duty Rubble Sacks		
Bag Thickness	Bag Size	Colour
100mu	500mm x 750mm	Black

"Handypack" a single sheet of our award winning Damp Proof Membrane in Blue for small Jobs that do not require a full Roll. Each pack comes with a 4 x 5 250mu sheet.

"Handypack" BBA Certificate DPM Polythene Film		
Sheet Thickness	Sheet Size	Sheet Colour
250mu	4x5	Blue

**Medium Duty, Heavy Duty and Super Heavy Duty** Clear Transparent Polythene sheet material typically used for wrapping materials for protection during dispatch and on-site handling.

**TPS**

Nominal TPS            4x25mtr  
 33 Medium duty        4x50mtr  
 62.5 Super Heavy      4x25mtr

**Polythene Jointing Tape** for lap joining of plastic sheeting such as DPCs and DPMs. The tape provides a bonded seal for polythene sheeting along with resistance to moisture and air.

Type	Roll Width	Roll Length	Rolls Per Box	Suitability
Jointing Tape	100mm	33m	12 Rolls Per box	General Film
Double sided Mastic Butyl Tape	50mm	22.5m	6 Rolls Per Box	Radon Recommended
Double sided Mastic Tape	30mm	25mm	12 Rolls Per Box	Damp proof Membrane
